## **Power Innovations Int'l Wins Bid to Supply SPAWAR with Critical Power Quality Needs**

**LINDON, Utah, April 3, 2008**— **Power Innovations Int'l** won a bid to supply **SPAWAR** (Space and Naval Warfare Systems Command), an official department of the US Navy, with Q-RX Series Uninterruptible Power Quality™ (UPQ™) Backup Systems for extreme rugged environments. Earlier this month the first 12 systems were sent.

The Q-RX systems with designed to filter and provide clean, perfect power to critical communication equipment, even under the worst power input conditions. The rugged product line has been tested and proven to meet and exceed military standards for shock, vibration, temperature, and humidity.
